Docket No. 98N-1265 1138 '99 MAR 23 AIO :45

Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Using a compounded medication
has made a great difference in the
quality of my life and health. It
is the medication I prefer to use
over anything else available.
The service the specialty pharmacy
provides me is not available from
commercial pharmaceutical manufacturers
or a local pharmacy in my area.
I need to continue to be able to
use my specialty pharmacy and
have my medication shipped to
me.
